

Floods

With the climate changing, floods are becoming more common. Why do floods happen, what are the impacts and how should we prepare? Do some research and find out vital information surrounding floods. Include a case study where flooding has impacted on a city or country. Write your findings in a report.

Remember to include:

- An opening paragraph with general information
- 3 mini topic paragraphs
- A conclusion summarising your main points
- Strong vocabulary
- Grammar and punctuation
