### Tracy's Secret

Tracy was an ordinary girl with an extraordinary secret. Every night at 7 PM, she and her family transformed into animals. Tracy became a sleek black cat, her dad turned into a playful puppy, her mum became a majestic wolf, and her little brother turned into a colourful chameleon.

One of Tracy's best friends, Jenny, noticed something odd. Every time she called Tracy after 7 PM, no one answered. Curious, Jenny decided to find out why. One evening, Jenny told her parents she was going to Tracy's house to study. Instead, she hid near Tracy's living room window, waiting until the clock struck 7 PM. As she peeked inside, she was shocked to see a cat, a puppy, a wolf, and a chameleon where Tracy and her family had been. The animals played together, and Jenny could see their human personalities shining through.

Jenny tapped on the window, and the cat, Tracy, turned and saw her. Tracy opened the window and whispered, "Jenny, we need to talk."

"Is that really you, Tracy?" Jenny asked, amazed.

"Yes," Tracy replied. "This is our family secret. Every night at 7 PM, we turn into animals. Please promise not to tell anyone."

Jenny nodded. "I promise," she said. "But how did this happen?"

Tracy's mum, the wolf, explained, "It's a family spell that's been passed down through generations. We've learned to live with it and even enjoy our time as animals."
